Choice Butter is scarce, but Haeberle's Grocery keeps it always on hand.

FRESH EGGS AT HAEBERLE'S.

Sold everywhere. Wilkins' Co.'s hosiery.

Tomatoes at BURKE'S.

Machine oils cheap at FORBES'.

Berries sold as cheap at Burke's as in any store in the city.

Porter, the agricultural man, has disposed of his hardware store at Ransom.

Baked pork and beans, and boiled ham, and nice lunch, this morning from 9 to 10 o'clock at George's.

The little steamboat Willie took the charter members of the Min Net club on a trip to Marseilles last night. There were 20 in the party.

The first installment of workmen—25 blowers and their families—on the La Bastie Glass Works arrived in the city on Wednesday. The fires will be lighted about Sept. 1st.

Notice. Before contracting with other parties for electric bells or any kind of electric work call on H. E. Denig, manager Union Telephone Company.

GEN. U. S. GRANT'S MEMOIRS.—Miss Ella M. Jaques has been appointed the only authorized agent to take subscriptions for "Gen. Grant's Personal Memoirs" in Ottawa.

H. H. HILL & Co.

For Sale. A good second-hand Thresher and Power complete, ready to run, also a good second-hand 10 H. P. Traction Engine, which we will sell cheap for cash or on time.

Excursion.—Sells Bros' Circus. The C. & Q. R. R. will sell excursion tickets from Ottawa to Streator and return August 1st, good to return August 2d, at one and one-third fare for the round trip. Account of Sells Bros' Circus. Geo. E. Rok, Agent.

W. K. Lecky will issue, under the auspices of the Driving Park Association, each day during race week a general programme of the races for that afternoon, which will be found an excellent advertising medium. The programmes will be distributed every morning.

The Minnie May, a steam pleasure yacht, passed up the canal Thursday with a party of tourists on board. The party is from Rochester, N. Y., and left that city early in spring, sailing down the Atlantic and the Gulf and thence up the Mississippi, the Illinois river, the I. & M. canal and home by way of the lakes.

When the meeting of the old settlers was held last week it was a question not fully decided upon as to location. Since then the committee has decided to hold the reunion at the old place—Hoot's Grove. It is a location convenient of access and was evidently the choice of the majority at the meeting. The time for holding the re-union is Sept. 2d.

Another Week.

The great summer sale has scored another week of success at H. J. Gillen's. Low prices will do great things; but such low prices as are now given on a stock like that at Gillen's is so unusual that the sales have been really enormous for a season almost universally called dull. These lines of summer goods are not "cheap goods," put on the market as cheap stuff, but the standard fashionable lines of fabrics guaranteed as represented. The country is so full of "cheap goods" nowadays that it would be well to bear this in mind.

No, it is not cheap stuff, but in all desirable summer goods—dress goods, colored and summer silks, fashionable and stylish dress fabrics, parasols, fans, gloves, notions, and the multitude of desirable necessary summer goods this house is fully stocked with the best lines, and are offering them for just what they are at prices that cannot be met, and lower than the people of Ottawa have seen them at any time. And there is enough for all, and all will share alike in getting the full benefit of the extraordinary bargains offered.

We would also remind our readers that the boot and shoe house has a host of surprises for those who have not been there lately in the way of new goods and really astonishingly low prices.

Low prices as usual in groceries.

Call and examine this immense stock for yourselves.

Champion Vaneless Windmill.

The meeting called by Mayor Allen on Thursday night to take action in regard to the death of Judge Dickey was held in the supervisors' room. Mayor Allen presided and Dr. McArthur acted as secretary. A committee consisting of Messrs. Duncan, Richardson, Bull and McArthur was appointed to act and appoint any other committees they might find necessary in honoring the respected dead jurist. The committee appointed F. A. Kendall, W. Prichard and Mrs. W. H. Hull as a committee on music, and the Mrs. Catlin, Butler, Jas. Duncan, Hapeman, Blanchard and Bull as committee on flowers and decorations. These ladies are requested to meet at the Clifton at 10 o'clock this morning for the purpose of perfecting their part of the arrangements. A. H. Taylor, J. R. Corbus and W. W. Taylor were appointed committee on invitation, and Dr. McArthur, J. F. Nash, M. H. Swift, J. W. Duncan, E. F. Bull, Sam'l Richardson, Mayor Allen and Judge Leand have been appointed committee on reception of family, and Samuel Richardson, T. C. Gibson and J. H. Eckels a committee on carriages.

The remains of Judge Dickey will arrive by special train from Chicago this evening and will lie in state at the Supreme Court House until Monday, when the funeral will take place from the residence of Mrs. Wallace, at 3 p.m. Earl Post, G. A. B., will take charge of the remains which will be interred under its auspices.

The Ottawa bar held a meeting yesterday, at which Judge Evans presided, Messrs. Richardson, Duncan, and Bull were appointed a committee on resolutions. The members of the bar also determined to attend the funeral in a body. Messrs. Strawn, Snow and Gentileman were appointed a committee to invite members of the bar in adjoining cities to attend the funeral.

A large delegation from Chicago, comprising members of the Cook county bar, judges and personal friends of the judge will be present and the funeral cortege will no doubt be unusually large. All the public buildings and many stores and private residences are draped in honor of the distinguished dead, and flags are at half-mast throughout the city.

Machine oils cheap at FORBES'.

Forepaugh's circus will be in Mendota Aug. 22.

Sells Bros' circus will be at Streator next Saturday.

Sheridan wants a base ball club and is about to organize one.

Josie Crocker is on her feet again and has been playing at Aurora this week.

Ask Jay Blodgett or Harry Hammond; they can inform you how the "battery" works.

It is said that in a week or two subscriptions will be solicited for a driving park at Streator.

An average base ball pitcher gets as large a salary as the governor of the state of Rhode Island.

Jack Dwyer, of Lisbon, caught for the Joliet Browns, in their game with the Streator Reds, yesterday.

The outlook for the Joliet races, next week, is very bright. Robert Allen, the Secretary, says that by to-morrow fully 120 horses will have arrived.

Col. Wm. Geding, of the Ethel Tucker combination, which shows here race week, was in the city, Saturday, making arrangements for the troupe.

Rose Easton occupied the Mendota opera house during the week. Rose has been starring in this region for the past three months and has done a good business.

Alma Stuart Stanley, in the role of Gullnare, in the "Veteran," comes on the stage barefooted with gold rings on her toes and has made a decided hit. Of course she has.

A company to be known as Hugh's Operatic Minstrels has been organized at Rockford, to take the road late in August, showing during the races of the Northwestern circuit.

At La Salle, Sunday, the home club defeated the Fearless, of Chicago, by a score of 16 to 8. Jack Dwyer, of Lisbon, one of the best ball players that ever stepped on the grounds, caught for the La Salles.

The Ottawa lawyers are talking about challenging the Streator lawyers to mortal combat on the diamond field, some time when the weather is favorable. It will be an interesting game of base ball, surely, and Ottawa will win.

Streator Reds played the Browns at Peru, Sunday, the score being Streator 3, Peru 2.

It was merely a contest between the batteries, Lynch for Peru and Webster for the Reds. The latter played the Browns, of Joliet, on the latter's grounds to-day.

The attraction at the ball park in Streator, Saturday, was a glove contest between Jack Burke, of Chicago, and Charley Lomasney, of Streator. While the latter is thought to be pretty well versed in the art of pugilistics he is no match for the Chicago boy.

The Ethel Tucker Company begin a week's engagement at the opera house August 3d, opening with the "Pearl of Savoy." Those who were so highly pleased with the Alken-Rogers troupe will find Ethel Tucker's to be fully as good in every respect.

The Streator Reserves and the clerks had a game in that city, Monday, for a purse of \$25 and the gate receipts, the former winning by 9 to 6. The Monitor says that the special feature of the game was a base hit by Hayes which brought home four men. Great game, that.

The A. O. H. society, of La Salle, are, it is reported, about to erect a \$15,000 opera house modeled after that in Ottawa. La Salle has badly needed such an edifice for many years and it is to be hoped that the attempt will not end in smoke as similar attempts have ended heretofore.

The sporting editor of the Streator Times asserts that the visit of the female base ball club to that city would have a demoralizing effect on the young men of that place. Any city that is able to smile an approval on Jack Burke, the slugger, and extend to him the freedom of the town, ought not to tremble at its morals when a band of nine poor, friendless, little orphan girls go there to play ball. Out upon you Larry. Be more gallant.

Timely Topics.

It was 102 in the shade in this city Sunday.

Braceville paid its miners \$15,000 last month.

Co. I, La Salle, had a mammoth excursion to Lacon Thursday.

La Salle county has now 30 papers published inside its boundaries.

The Bureau county board of supervisors were in session three days this week.

There are two Spring Valleys in this state. The larger of the two is four miles west of Peru.

The Joliet Battery has disbanded on account of the reduction of the I. N. G. by the legislature.

On Monday John F. Smith was appointed postmaster at Freeport, vice Smith D. Atkins, suspended.

There will be a huge excursion and picnic from Earl to Spring Valley when the new road is finished.

The Republican P. M. of Quincy has received orders to step down and get him hence, but he refuses to vacate.

Mendota is considering the proposition of the electric light company of that place to heat the business houses by steam.

An alarm of fire brought the fire department out to Joe Albrecht's, Monday night. The fire was put out with a few pails of water.

The man who says advertising doesn't pay is the man who comes around to get his name in the paper when he gives ten cents to an orphan.

Streator wants band concerts. The mayor offers to start the music by a donation of \$30.

What's the matter with Ottawa trumping, or at least following suit?

A. Morrison, an extensive farmer at Farm Ridge, had a horse valued at \$200 killed by lightning during the thunder shower of Tuesday afternoon, this week.

It is Jack's turn now to be on top, and Joseph Corbus had better retire gracefully. He has run his race. Farewell! a long farewell to his political cunning.

Jack Reddick has the bugle on all the other county newspaper men. He can now say anything he desires of them and there will be no censor Corbus to suppress him.

John Baker, a Peru diver, while trying to affix a hook to the hammer of a pile driver which had sunk in 21 feet of water, went down the other day and remained under water 63 seconds.

Saturday's Journal supported Buffalo Rock as the encampment site in an article a column and a half in length. In the next issue of that paper was found the Reddick farm as the proper site. The question now is whether it was McCabe or Kendig who made the alteration. Oh, change—stupendous change, Mr. Journal!

The Sheridan Independent has come to life again, Whitmore & Addis being responsible for its resurrection. Gentlemen, hope you may fill the long-felt want and fill it acceptably. Your paper is certainly a credit to the village and deserves the support of every man, woman and child within ten miles of its location.

The alligator story and the alligator that made up the hoax have been consigned to eternal oblivion. The alligator reported by the Times to have been seen in the Illinois river here, recently, has been discovered at last and is nothing more than a stuffed panther which had been for a long time in the show window of A. Aischuler's store, and which he had dumped into the river. Nattenger and Wilson owe a deep apology to their readers for the manner in which they attempted to bamboozle them.

There are so many new publications arriving on the exchange editor's desk that it seems almost impossible to give any of them more than a brief mention. First came the Streator Independent, then the Streator Daily Times, followed by the Sheridan Independent, and lastly the Utica Blade, which came under the wire Saturday on a rather slow but sure gait. C. M. Hale, the publisher, handling the ribbons. The Blade is "independent, fearless and free," and only a dollar a year. Mr. Hale is the fourth newspaper genius who has attempted to run a long primer newspaper in that small place town. However, from the appearance of the first issue it is to be hoped that his endeavors will be appreciated by the Uticans and given a liberal support.

We have a great many bargains in our shoe department which must be sold before fall. Come and see them.

We will open a nice line of new lace first of the week.

Our new carpets are coming in for the fall trade.

The closing out sale of millinery goes on. Come and get a bargain—they must be sold. SCOTT BROS. & Co.

THE COURTS.

Circuit Court.

The Marseilles bridge injunction case came up before Judge Blanchard yesterday. The principal complainant is Elias Trumbo, of Dayton, who gave his views in regard to the matter in last week's FREE TRADER. Much interest attaches to the outcome of the case, and there is a prospect of much litigation before the end is reached, equalling the famous Utica bridge controversy, which cost the parties more in court and lawyers' fees than the original amount in dispute. Judge Blanchard has taken the matter under advisement and it is thought will render a decision against the complainants, though this as yet is only speculation.

We are allowed to refer individuals to the following case of a gentleman in this city (Cleveland) who is unwilling to have his name appear in print.

He says that for 15 years he was a sufferer from Neuralgia in his back, limbs and head, causing him at times intense pain, and so affecting the left shoulder joint that, in swinging the arm as in walking, a cracking or snapping of the joint could be distinctly heard. This gentleman commenced taking Dr. Carpenter's Calculi Resolvent in Nov. last. He was immediately relieved, and after taking four bottles says he regards himself as thoroughly cured, and ascribes his cure entirely to a regular and faithful use of "Calculi Resolvent."

The same gentleman says his wife also has been greatly benefited by its use for impure blood and other troubles.

Earlville has a lawn tennis club, and there will be more engagements heard of from that locality than for many summers past.

Antifermentine

Is a simple harmless preparation, free from taste, smell or color, that has the property of preventing fermentation in all vegetable and animal food. It is especially useful for preserving fruit of all kinds, retaining the natural fresh appearance and taste of the fruit. Its use does away with labor, and makes what has been a hot, disagreeable task a delight and pleasure. It substitutes for the summer heat of the kitchen the cool shade of the lawn or piazza. Its results are never doubtful when used according to directions, and strawberry shortcake and peach and berry pies can be had in winter as well as in summer. Its use is profitable and economical, for it saves one-half of the sugar, saves the jars broken by heat, saves the fruit cooked away, and saves the time and labor lost by the old methods. One package will put up 30 quarts of fruit. For sale only at BURKE BIOS.

Since July 1 petit jurors are entitled to \$2 per day.

Crackmen at Work.

Tuesday night Roberts Bros' bakery, corner Main and La Salle streets, was the scene of a very bold attempt at safe-cracking. It appears that at some time during the early hours of the morning an entrance had been effected to the store through the cellar way on the outside by means of picking the lock. The door on top leading to the cellar was opened, a small plate having been cut out of the door sufficient for a hand to be thrust through to remove the bolt on the other side. The key hole of the door to the entrance had been plugged and then to work went the crackman. The combination plate was broken off and a hole was bored almost through the safe door, but it is supposed that the burglar or burglars were alarmed by the workmen who generally go to work in the bakery between 3 and 4 o'clock. In the safe was money amounting to about \$150. Nothing was missing in the morning but a few dollars in silver and eight dollars in counterfeit silver. The safe was located at the front window of the store almost in full view of anyone who chanced to be on the street, and it is another one of those mysteries how the attempt could be made to blow it open without being discovered in the act.

Though the scene of this attempted safe breaking was but a few doors from where the late fire broke out, the theory of "spontaneous combustion" has not been advanced by the Roberts Bros., as an indirect cause of the robbery. They think that the theory of "spontaneous abstraction" of the money in the safe is what induced the attempt, and it is safe to presume that this is the more correct theory.

The "Twilight," a small excursion steamboat from Peoria, arrived here Thursday evening, and will remain at this port for some weeks. It will carry a party of 50 persons easily and there is some talk of getting up an excursion some afternoon soon to go down the river to Henry.

As an evidence of the great necessity of a good and substantial bridge across the Illinois here, it may be stated that Officer Baker, on Wednesday, counted 537 teams as the number that passed over the bridge that day; and it was not a good day for teams either.

The school buildings in the 3d & 4th wards are being raised, which is a very sensible move on the part of the Board. The basement school-rooms will now have plenty of air and light, and will not be buried underground as formerly, spreading disease among the pupils.

Now that the Encampment has been located at Buffalo Rock, with a brilliant prospect that that place will be settled upon as the permanent location, the road leading from the city west should be improved, and the attention of the highway commissioners is directed to it, especially that portion of the road between the Fair Grounds and the Rock. This is now one of the most important roads leading to Ottawa, and should receive the attention it merits. Why this work has not been done before is a mystery; but now the requirements of travel demand that it be placed in good order. It should be graded and graveled. The time at the disposal of the commissioners this year is now too brief for any extensive work but the repairs immediately needed should be made at once. The taxpayers cannot but approve this move.

The Heated Term.

The past few days have been unusually hot. The heat was natural. In a few months more all will desire a similar degree of artificial heat; but unless you take time to have a RUBY furnace put in by KENDALL you will hardly obtain it. Now is the time to make your contracts and do your repairing.

Respectfully, F. A. KENDALL.

Married.

FRENCH-LINCOLN.—On Monday last J. M. French, the well known hatter of this city, and Mrs. Clara S. Lincoln were quietly married by Rev. W. F. Day, and took an afternoon train for Chicago for a bridal tour on the lakes. The marriage of the couple had been on the tapis for some weeks previous, and the writer supposed he had made arrangements with Mr. French whereby the FREE TRADER would be the first to announce this social event, but even the dailies were caught napping, and did not know anything about the marriage until it was 36 hours past. However, the FREE TRADER desires to add its sincerest congratulations, hoping that though last Mr. and Mrs. French will not consider them least.

The last span of the bridge is being built. The structure will be completed in two weeks.

A case of poisoning occurred on the west side Monday, the five children of T. H. Prinderville being taken seriously ill from eating canned lobster.

Some New York confidence man writes to Ed. Nattenger, thinking him a bloated bondholder, instead of the publisher of an Ottawa daily. This is an extract from the mysterious scheme to entrap Ed: "If I have made a mistake do me no harm and let matters drop. My motto is, 'Never harm a man who is willing to prove himself your friend.' My business is not exactly legitimate, but the green articles I deal in are safe and profitable to handle, the sizes are \$1, \$2, \$5 and \$10. Do you understand? I can't be plainer until I know you mean business, and if you conclude to answer this letter, I will send full particulars and terms. I will endeavor to satisfy you on every point that if you are my friend I will prove a true and lasting one to you, be the trade for one dollar or for a thousand."
